

**CERTIFICATE OF ENVIRONMENTAL CLEARANCE
(DESIGNATED ACTIVITIES) ORDER**

103/2001.

made under section 35(1)

1. This Order may be cited as the Certificate of Environmental Clearance (Designated Activities) Order. Citation.

2. The activities listed in the Schedule are designated activities requiring a Certificate of Environmental Clearance, the grant of which signifies approval of the activity solely in terms of the environmental impact. Designated activities Schedule.

Certificate of Environmental Clearance (Designated Activities) Order

SCHEDULE

(DESIGNATED ACTIVITIES)

	ACTIVITY	DEFINITION
1	Poultry, pig, cattle and other animal husbandry and production	<p>(a) The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a poultry, cattle, pig or other livestock farm in excess of 250 heads of poultry or 25 heads of cattle, 25 heads of pigs or 25 heads of other livestock.</p> <p>(b) The establishment, modification, expansion, decommissioning or abandonment of a facility for the hatching, breeding or slaughtering of 250 heads of poultry, or 25 heads of cattle, 25 heads of pigs or 25 heads of other livestock, per year.</p>
2	Establishment of a facility for game propagation	The establishment, modification, expansion, and abandonment (inclusive of associated works) of a game propagating facility.
3	Establishment of a facility for Mariculture/ aquaculture	The establishment, modification, expansion, and abandonment, decommissioning or abandonment (inclusive of associated works) of a facility for fish/shellfish processing and /or, a facility for fish/shellfish propagation with a total pond area of 2.5 hectares or more.
4	Horticultural farming	The establishment, modification, expansion, or decommissioning (inclusive of associated works) of a horticultural farm of a total area of more than 2 hectares or a processing facility, with a production capacity of more than 20 kilograms per day.

	ACTIVITY	DEFINITION
5	Timber cultivation or extraction of logs	<p>(a) The establishment of a timber plantation of more than one hectare or the expansion of an existing plantation by more than 2 hectares;</p> <p>(b) Logging or extraction (inclusive of associated works) in a timber plantation or in a forested area of 1 hectare or more during a five-year period;</p> <p>(c) The establishment, modification, expansion, decommissioning or abandonment of a sawmill.</p>
6	Establishment of a fruit or vegetable farm	The establishment, or expansion of a vegetable, crop or fruit farm of an area in excess of 2 hectares during a two-year period.
7	Generation of electricity	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of an electricity generating plant with a capacity of 50 megawatts or greater.
8	Clearing, excavation, grading and land filling	<p>(a) The clearing, excavation, grading or land filling of an area of more than 2 hectares during a two-year period;</p> <p>(b) The clearing of more than one-half a hectare of a forested area during a two-year period;</p> <p>(c) The clearing, excavation, grading or land filling of any area with a gradient of 1:4 or more</p>
9	Waterproofing/caulking/paving	The establishment of a paved area (inclusive of associated works) of more than 4500 square metres during a two-year period.

	ACTIVITY	DEFINITION
23	Establishment of a facility for non-metallic mining and processing	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a facility for the mining, processing or storage of clay, andesite, porcellanite, limestone, oil sand, sand(s), gravel or other non-metallic minerals.
24	Exploration for crude oil or natural gas	The conduct of all works related to this activity.
25	Establishment of a facility for primary or secondary production of crude oil, condensate or associated gas	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a facility for the extraction or production of crude oil or production of associated gas or condensates.
26	Establishment of a facility for natural gas or condensate production	<p>(a) The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a facility for natural gas or condensate production.</p> <p>(b) The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a natural gas compression, blending or liquefaction facility.</p>
27	Establishment of infrastructure for pipeline systems	The establishment, modification or expansion (inclusive of associated works) of a pipeline or pipeline systems for transmission of produced fluids, crude oil or natural gas.
28	Establishment of infrastructure for crude oil refining	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of crude oil refinery.

	ACTIVITY	DEFINITION
29	Establishment of infrastructure for the storage of petroleum or liquid petroleum gas or their derivatives	The installation, expansion, decommissioning or abandonment (inclusive of associated works) of a storage facility with a gross capacity of more than 500 barrels.
30	Establishment of infrastructure for receipt and transmission of electromagnetic waves	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of satellite to earth stations for the purpose of rendering communication services to the public.
31	Establishment of parks, nature trails and other recreational areas	<p>(a) The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a park, nature trail, board walk or other recreational facility supporting a potential visitor use 500 or more individuals per day.</p> <p>(b) The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a golf course.</p>
32	Establishment of infrastructure for air transportation	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of an airport, heliport, aerodrome or landing strip.
33	Establishment of infrastructure for land transportation	<p>(a) The establishment (inclusive of associated works) of a road of more than 1 kilometre in length.</p> <p>(b) The extensive/expansion (inclusive of associated works) of a road by more than 1 km or by 35% or more of its length or width.</p>
34	Establishment of infrastructure for marine transportation	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a marine terminal, harbour/port or facilities for dry-docking or ship repair or construction.

(DESIGNATED ACTIVITIES)—Continued

	ACTIVITY	DEFINITION
35	Establishment of facility for solid waste disposal	The establishment, modification, expansion, decommissioning or abandonment of a solid waste disposal facility inclusive of the disposal of industrial waste, aircraft and ship generated waste.
36	Establishment of a facility for hazardous or toxic substance handling	The establishment, modification, expansion, decommissioning or abandonment of a facility for handling, storage, treatment or disposal of hazardous substances.
37	Recovery, recycling or incineration of waste	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a facility for the recovery or recycling or incineration of waste.
38	Catchment, abstraction or treatment of potable/ process water	<p>(a) The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of a facility for the catchment, abstraction or treatment for distribution of potable or process water.</p> <p>(b) The establishment, modification, decommissioning or abandonment of waterwells or other infrastructure (inclusive of associated works) to make available potable or process water.</p> <p>(c) The establishment, modification, expansion, decommissioning or abandonment of a desalination plant.</p>
39	Establishment of surface impoundments, dams or reservoirs for storage of water	The establishment, modification, expansion, decommissioning or abandonment (inclusive of associated works) of surface impoundments, dams or reservoirs for storage of water.
